English · Hindi · Gujarati

Mayur Nakum

REACT NATIVE DEVELOPER

PROFESSIONAL SUMMARY

React Native Developer with 3 years of experience building production-ready Android, iOS, and web applications. Experienced in React Native, React.js, Next.js, TypeScript, Firebase, reusable components, performance optimization, and cross-functional collaboration.

EXPERIENCE

Frontend Developer

Aug 2023 – Present

DI Solutions

- Developed cross-platform React Native applications and modern React/Next.js web applications.
- Integrated Firebase, authentication, and push notifications.
- Built reusable components, optimized performance, and resolved production issues.
- Collaborated with designers, backend developers, QA teams, and clients.

SELECTED PROJECTS

ByDesign — AI Productivity & Workspace Platform

ANDROID · IOS · WEB

Cross-platform productivity and collaboration platform combining tasks, calendars, notes, documents, and workflows in a unified workspace. Integrated Model Context Protocol (MCP) so AI assistants such as Claude and ChatGPT can securely access workspace data and power context-aware automation.

BBPatrol — Real-Time Speed Trap & Traffic Alert Platform

ANDROID · IOS

Community-driven navigation and road safety application providing real-time speed camera, police checkpoint, and traffic incident reporting. Enhanced with AI-assisted features to improve user experience, navigation intelligence, and location-based interactions.

Waves — AI-Powered Bible Study & Daily Devotional App

ANDROID · IOS

Faith application delivering daily Bible verses, devotionals, guided prayers, and personalized spiritual content. Integrated AI capabilities for intelligent scripture assistance, contextual Bible exploration, and personalized faith-based recommendations.

Athlete to Mogul — AI Business Education & Marketplace Platform

WEB · MOBILE

Online learning and digital marketplace helping athletes build businesses beyond their sports careers. Developed AI-powered learning experiences and content assistance to improve course discovery, user engagement, and educational support.

Techifuze — AI-Enhanced Freelance Marketplace

WEB · MOBILE

Freelancing platform connecting clients with skilled professionals for software development and digital services. Integrated AI-driven features to streamline project workflows, enhance communication, and improve the hiring and collaboration experience.
